Jenny –

Here is the original spreadsheet with my comments added in green, plus the one reference (relevant to pesticides) cited in the comments I reviewed.

I printed some pages from the spreadsheet to QA my work, but I couldn't get the color coding to print no matter what I tried. Is there a trick?

Subject: Today's CZARA Pesticide Meeting

Hi Everyone,

We're on today, 6/25, to meet 2:30-4pm PST/3:30-5pm Mountain Time on the CZARA Pesticides Workgroup. The call-in number is Non-Responsive Erik, I'll be Christine Psyk's office on the 13th floor or in Dave Croxton's office if someone's in Christine's office.

Here's an agenda:

- *Review of 12/20/13 NOAA/EPA Proposed Findings re: Pesticides (Jenny)
- *Comments that Support or Don't Support Proposed Findings (All)
- *Other Categories of Comments (ie., Triangle Lake, pesticide toxicity to people, pesticide toxicity to fish)-(All)
- *Next Steps (Jenny, All)

FYI, I've attached the XL spreadsheet with my comments (and Alan's) and also a preliminary list of references that I'm asking Tetrtech to look at from comments I reviewed. Looking forward to talking with you all in a few hours.
